

# COUNTAX®

## C Series Garden Tractor

### C60

C Series tractors feature a push-button controlled power take-off for driving accessories

Heavy duty cast axle adds strength, enabling the tractor to withstand the stresses of uneven terrain

Access on and off the tractor is made easy with a shaped steering wheel and adjustable seat position

Powered by  
**Kawasaki**

A mid-range garden tractor, highly capable for most applications. The new C60 garden tractor is the 'stalwart' of the Countax range. It is ideal for customers with a large garden who don't want to compromise the quality of finish for the convenience of a ride-on lawnmower.

Fitted with a 107cm (42") XRD cutter deck, the C60 can operate in conjunction with the optional Powered Grass Collector or as a rough cutter. To tackle dense grass, brambles or nettles, configure the C60 with a 92cm (36") High Grass Mulching deck.

<b>C60</b>	Kawasaki FS481V Twin cylinder 603cc	Hydrostatic	107cm (42") XRD rear discharge	92cm (36")	300 litres

FEATURES	BENEFITS
<b>Cut and collect system</b>	✓ Cut and collect grass fully even when it's wet using the optional Powered Grass Collector
	✓ Stripe a lawn with the optional grass collector's integrated roller
<b>Premium quality engines</b>	✓ C60 tractors use premium spec twin cylinder Kawasaki engines. These are selected for their power, economy and durability
	✓ Extra strong cast axle with useful tie-down points
<b>Heavy duty construction</b>	✓ Painted components have surpassed 500 hours of continuous salt spray exposure without corrosion
	✓ The tractor is protected from accidental impact damage by the tough tubular bullbar bolted to the tractor's chassis
	✓ Low noise operation is a result of the double skinned bonnet which reduces engine noise, and the cutting and collection system which minimises air disturbance from the cutting blades, reducing unwanted sound
	✓ Strong, durable single pressed body
	✓ Regularly used controls are at your fingertips thanks to the ergonomic dashboard layout
<b>Dashboard / Display / Operating Management System (OMS)</b>	✓ Warnings and indicators are visible at all times on the simple-to-use dashboard display.
	✓ Drive a range of accessories for year-round garden care by using the push-button controlled power take-off
<b>Power take-off</b>	
<b>Choice of decks</b>	✓ Standard deck is a 107cm (42") rear discharge XRD. Use the optional 92cm (36") HGM deck for cutting tall grass and nettles
<b>Easy access</b>	✓ Access on and off the tractor is made easy with a shaped steering wheel and adjustable seat position
<b>Park brake</b>	✓ The tractor cannot be started unless the brake is engaged. This important safety device is fitted as standard on all Countax models
<b>Easy-to-use pedals and levers</b>	✓ Pedals and levers are positioned within easy reach of the operator and have been engineered to be lightweight-to-use
	✓ Deck height adjustment is light, smooth and easy-to-use thanks to a clever gearing system through nine incremental settings
<b>Hydrostatic transmission</b>	✓ One pedal controls forward speed. Press it further and your speed increases. Release it and you slow down
