

bespoke **STAINLESS STEEL** design

STEELFORT
STAINLESS STEEL

Transform your space with the durability and sophistication of Steelfort Stainless Steel.

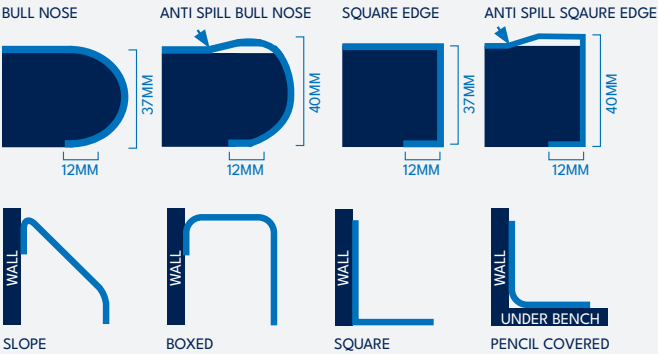

Looking for a **high-quality** surface to transform your kitchen? Enhance your kitchen with **elegant** and **refined** stainless steel benchtops. Our team of exceptionally **skilled fabricators** holds extensive proficiency in creating custom domestic benchtops, islands, and work surfaces in straight, “L,” and “U” shapes. We provide a diverse selection of options, including various bowl configurations, upstands, edge treatments, and even “waterfall” ends, all crafted from both smooth and textured materials.

Steelfort’s stainless-steel benchtops are resistant to rust, corrosion, and staining, and can be custom fabricated to any setting; from commercial kitchens to homes to hospitals. They are easy to clean and maintain, making them a practical choice for busy environments where hygiene is a top priority.

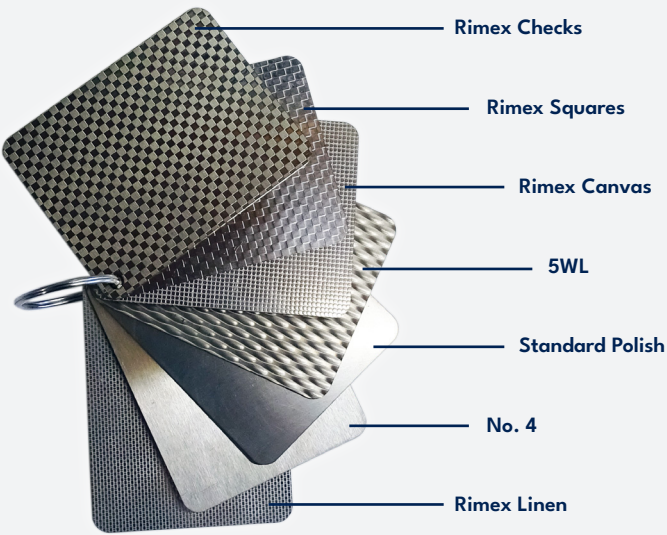

DESIGN FEATURES

Steelfort realises that not all kitchen designs are the same, different people have different needs and requirements. To this end, Steelfort have created a wide range of edging options and design features.

STAINLESS STEEL FINISH OPTIONS

Every Steelfort stainless steel kitchen is designed to meet the tastes of the individual. To ensure you get the look and feel that best suits you, choose from Steelfort’s selection of style finishes.
