**SmoothTrak™ Steering**

Developed over decades of experience. Precision control designed to help trim and manoeuvre easily around obstacles.

**Tough Frames**

Fabricated welded-steel frames, thick front axles, and heavy-duty caster yokes ensure durability. Tested on concrete tracks for thousands of hours.

**Integrated Park Brake**

Hustler was the first to integrate the parking brake into the twin-lever design. This was patented for years and continues to be a great safety measure for operators.
